

Billinge Chapel End Parish Council

Minutes of Council Meeting held on 18 July 2022

Present: Councillors S Gardner (Chair) and S Wainwright (Vice Chair)
Councillors A Armstrong, C Betts, B Bradbury, and F Gill
C Bolton (Clerk and Responsible Financial Officer to the Council)

PUBLIC SESSION

There was no statement from Merseyside Police.

Borough Councillors Betts and Peers were in attendance. Borough Cllr Peers reported that he had contacted every Member of St Helens Council re the (at the time) pending decision on Libraries and he read his email to the meeting. He further commented the closure of Billinge Library was subsequently agreed by St Helens Council.

The session was then opened up to residents and comments were made re the difficult choices available to St Helens Council in considering library provision against other budgetary demands for children/vulnerable adults. Queries were then made to Parish Council and at this point Cllr Gardner invited Cllr Armstrong to give a synopsis of working group options and these included: fight to save library building/provision; investigate Community Asset transfer of current building but with necessary repairs carried out; If first two options were unsuccessful then there would be a need to identify what kind of a service residents would like – simple book swap with basic training for volunteer duties or for more extensive training for volunteers to provide the same service as St Helens Library Service providing IT equipment, support and printing. The Working Group would be bringing their report to the Agenda to ask guidance on which avenue to pursue but was very aware residents as well as councillors need to be consulted. Residents' queries included what would happen to the proceeds of any sale of the current library building/land if attempts to save were unsuccessful. A suggestion to apply for levelling-up funding to support was made; Cllr Armstrong commented this type of funding needs a business case to access and this is not a short procedure. She also commented that other funding could be accessed more quickly by a constituted group.

A resident presented complaints re Nugent House access/egress and commented it has been operating since 2019 as the main access/egress to the school with no road markings and no safety signage or indication that there is a concealed entrance. This issue is with Planning Enforcement at the moment. Resident expressed concern over the crime rate increase in Greenfield View. A query was made over why the main entrance had been moved. Cllr Bradbury commented on an OFSTED report that had stated segregation of pedestrians and vehicles on site had to be instigated and that this had led to the change.

Flooding: resident spoke about a significant number of officers attended a meeting intended to find a resolution for the problem. Concern was expressed over the lack of information/notice of the meeting that was held so residents were unaware of it. Cllr Bradbury reported regular inspection of culvert is being carried out and had inspection records with him. Cllr Betts commented on the Section 19 procedure which is in process. He also commented gates are to be installed to prevent blockage.

The Public Session closed at 8.30pm. The Chair called a recess to enable Members of the Public who wanted to leave to do so safely.
